**Response Activities**

1. Following reported deaths after SARI cases and the reported H1N1 cases in different locations, EWARN field teams started distributing posters and brochures about influenza prevention in all of Hama, Idlib and Damascus (health centers - mosques - schools) include ways of transmission and prevention of influenza in addition to case management protocol
2. Assigning the district level officer of EWARN to prepare and send annual reports about the epidemiological situation in the covered areas during 2015
3. After the information contained about high incidence of acute diarrhea in Dar'a - Shajara, outbreak investigation was conducted by the field team, for more details a report will be published next epidemiological week

ABD=Acute Bloody Diarrhea

AWD=Acute Watery Diarrhea

AFP=Acute Flaccid Paralysis

AJS=Acute Jaundice Syndrome

SARI= Severe Acute Respiratory Illness

UXD=Unexplained Death

FUO=Fever Of Unknown Origin

MEA=suspected Measles

MEN= suspected Meningitis

UCE=Unexplained Cluster Of Health Events

AD=Acute Diarrhea

ILI= Influenza-like Illness
